Abstract:¶

The abstract should provide the reader with a clear understanding of the objectives of the proposal, how they will be achieved, and their relevance to the wider field of research. The summary will be used as the main description of the proposal in the evaluation process and in communications to the PRIMA Board of Project and other interested parties. It should be clear, concise and factual and should not contain confidential information. Use plain typed text, avoiding formulae and other special characters. The abstract must be written in English. The Abstract in Part I document and the one on the

Σ Consortium		0	0	0	0	0	0	0	0	0	0	0		0	0	0

1 See Article 6 for the eligibility conditions. All amounts must be expressed in EUR (see Article 21 for the conversion rules).

2 The consortium remains free to decide on a different internal distribution of the PRIMA funding (via the consortium agreement; see Article 7).

3 Indirect costs already covered by an operating grant (received under any EU funding programme) are ineligible (see Article 6.3). Therefore, a beneficiary/affiliated entity that receives an operating grant during the action duration cannot declare indirect costs for the year(s)/reporting period(s) covered by the operating grant, unless they can demonstrate that the operating grant does not cover any costs of the action. This requires specific accounting tools.

4 See Data Sheet for the funding rate(s).

5 This is the theoretical amount of the PRIMA contribution to costs, if the reimbursement rate is applied to all the budgeted costs. This theoretical amount is then capped by the 'maximum grant amount'.

6 The 'maximum grant amount' is the maximum grant amount decided by PRIMA. It normally corresponds to the requested grant, but may be lower.

7 See Annex 2a 'Additional information on the estimated budget' for the details (units, cost per unit).

8 See Data Sheet for the flat-rate.

9 You can add as many lines as needed depending on the amount of partners

Criteria de evaluación

Scoring and Evaluation Criteria

#PRIMAInfoDay
www.prima-med.org

	Excellence (The following aspects will be taken into account to the extent that the proposed work corresponds to the description in the work programme)	Impact	Quality and efficiency of the implementation
Innovation actions (IA)	<ul style="list-style-type: none"> Clarity and pertinence of the project's objectives and the extent to which the proposed work is ambitious and goes beyond the state of the art. Soundness of the proposed work including the use of innovative models and interdisciplinary approaches appropriate to the nature of the work. Consideration of the gender dimension in research and innovation content and the quality of open science practices including sharing and management of research outputs and engagement of citizens civil society and end-users where appropriate. 	<ul style="list-style-type: none"> Credibility of the pathways to achieve the expected outcomes and impacts specified in the work programme and the likely scale and significance of the contributions of the project. Suitability of the expected outcomes and impacts as set out in the dissemination and exploitation plan including communication activities. 	<ul style="list-style-type: none"> Quality and effectiveness of the work plan assessment of risks and appropriateness of the effort assigned to work packages and the resources overall. Capacity and expertise of each partner in the work plan and the overall expertise.

5 points

5 points

5 points

Minimum Thresholds:

**3 / 5 for each eval criterion
10 / 15 in Total**

For IA Impact has a weight of 1.5

Eligibility Conditions – Section 1 (Innovation Actions)

Eligibility for Section 1 Innovation Actions results from the combination of:

- **General eligibility conditions** (AWP 2025, p. 66 – Table 19)
- **Additional eligibility conditions** specified per topic (AWP 2025, pp. 27–35)

A proposal is eligible if it includes:

- **At least 4 independent legal entities**, all established in **PRIMA Participating States**, with:
 - **At least 3** of them established in **different countries**
 - **At least 1** established in an **EU Member State or a Horizon Europe Associated Country**, *not being a Mediterranean Partner Country (MPC)*
 - **At least 2** established in **MPCs**
 - **At least 1** is a **Small or Medium-Sized Enterprise (SME)**, as defined in Article 2 of the Annex to Recommendation 2003/361/EC (novelty of AWP 2025).

Always check the **topic-specific eligibility conditions** in the AWP 2025.
