7. Scientific Report

7.0. Overview of the Centre

Please provide a brief presentation of the center pointing out, for the 2008-2012 period, the most relevant data, main strengths and achievements in research, recent evolution and any other characteristic that demonstrates the international leadership of the center.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.1. Organization and Management

7.1.1. Research Activities

Please summarize your center 2008-2012 Research Plan or the main research lines during the given period. Refer to the grade of integration between the research lines and the coherence on the activities carried out.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.1.2. Organizational Structure and Governance

Please brief on your center's formal and functional structure in the 2008-2012 period. Refer to the governance mechanisms and managerial resources that ensure autonomy in decision making and allocation of resources.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.2. Research Outputs

7.2.1. Scientific Publications

In addition to the table required by the call, please describe the scientific value of your publications over 2008-2012. Special reference should be given to ten scientific publications, the most relevant for the period for the center and that show the capacity of the center to generate highest international impact.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.2.2. Other Research Outputs

Please provide information on other research outputs, carried out over the 2008-2012 period, such as patents, research and other types of collaborations with the private sector and its results (pointing out the collaborations with highest socioeconomic potential impact). Make special reference to activities of knowledge transfer and their applications, as well as science communication and outreach.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.3. Human Resources and Research Facilities

7.3.1. Scientific Director

Please refer to the Scientific Director research career (previous positions, date of incorporation at the center, top scientific contributions and scientific relevance as scientific director) and leadership skills (abilities as director, management skills, visibility, etc.). Please refer specifically to the 2008-2012 period.

1.-

2.-

3.-

4.-

Role in the center, both from an organizational and scientific perspective. Mention top scientific contributions and description of their scientific value.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.3.2. Principal Investigator

Please provide information on the Principal Investigators following the definition of the call responsible for each of the research lines that you already mentioned in section 7.1.1 during 2008-2012. Describe briefly the activities correspondent to the research line, the personnel -research group- and the national or international scientific collaborations. Show how your research activities, carried out by the PIs and research groups, build critical mass and create synergies within the center.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.3.3. Research Facilities

Please brief on internal or external research infrastructures and facilities that the center shares or makes use of along 2008-2012. Refer especially to the access of national or international large research infrastructures or facilities.

7.4. Training and Recruiting

7.4.1. Training Activities

Please describe doctoral and post-doctoral training activities carried out during 2008-2012. Pay specific attention to the international dimension. Give the total number of PhD thesis during 2008-2012.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.4.2. Recruiting

Please describe, for the 2008-2012 period, the resources for recruiting, the specific recruitment practices and activities, and the selection criteria applied by the center. Please describe the mechanisms available that foster research career (E.g. tenure track).

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.5. International Leadership

7.5.1. ERC Projects

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

7.5.2. International Collaborative Projects

Please indicate the international top class collaboration led by the researchers at the center over 2008-2012, including EU Framework Programme projects. Include a brief summary of the scientific relevance and impact.

--

7.6. Funding Sources

Please refer to the funding model of the center during 2008-2012. Disaggregate by national, international and competitive, noncompetitive funding.

--

8. Strategic Research Programme

8.0. Overview

Please give an overview of the Strategic Research Programme to be developed during 2015-2018 in a clear, understandable and concise manner, including how those activities are linked to current or future research activities of the center.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.1. Scientific and Strategic Goals

8.1.1. Relevance

Please describe the specific objectives of the main lines of action of the 2015-2018 Strategic Research Programme. Emphasize the level of relevance, prospect and novelty of the scientific objectives, human resources and facilities you will manage.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.1.2. Organization and Management

Please describe the main content and implementation mechanisms of the 2015-2018 Strategic Research Programme. Refer to its organization and management. Make explicit reference to the organization and coordination among the different research lines and the generation of synergies between them. Identify the main horizontal activities to promote cooperation and coordination referring to your 2015-2018 Strategic Research Programme. Mention the sources of funding associated to the development and implementation of the Programme, splitting between competitive and noncompetitive ; private and public; and national and international sources. Please describe the 2015-2018 Strategic Research Program monitoring system and its corresponding indicators.

8.1.3. Synergies with External Stakeholders

Please refer to the collaborations planned the 2015-2018 Strategic Research Programme with other national or international research centers and the private sector or any other stakeholders of the System of Science, Technology and Innovation.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.2.1. Doctoral and Postdoctoral Training

Please describe the new doctoral or postdoctoral training programmes or improvements in the existing ones for the 2015-2018 period. Show how these programmes are linked to the strategic objectives. Refer to the international collaboration and perspective, to the training offer of the center, and to the selection criteria of the candidates for the training and support facilities of those programmes.

8.2.2. Recruiting Policies

Please describe the designed measures -for the 2015-2018 period- to attract and promote excellent researchers from Spain and abroad and to foster and develop the research career such as stated under the Strategic Research Programme. Disaggregate the designed measures above by objectives and lines of actions following the 2015-2018 Strategic Research Programme.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.2.3. Gender Action Plan

Please describe the 2015-2018 Gender Action Plan to be implemented tackling the gender gap, if that occurs, and to promote actions that foster the recruitment and/or promotion of female researchers in the center.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.3. Internationalization

8.3.1. International collaborations

Please refer, for the 2015-2018 period, to the necessary actions and international collaborations to achieve the set objectives and to strengthen the scientific leadership of the center.

--

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.3.2. Mobility and other measures

Please the measures -to be deployed along 2015-2018- that foster the mobility of researchers from the center; activities or programmes of visiting researchers, and any other activities that improve the international visibility of the center.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.4. Expected outcomes

8.4.1. Outreach Plan

Please describe the dissemination and communication activities related to the 2015-2018 Strategic Research Programme results and the center activities in general. Focus on the activities that reach the society.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.4.2. Knowledge Transfer Action Plan

Please indicate the Knowledge Transfer measures and activities such as planned under the 2015-2018 Strategic Research Programme to foster collaborations with the private sector.

--

8.5. Opportunity and Social Impact

Please justify the strategic value of the proposed 2015-2018 Strategic Research Programme and its potential results, its contribution to solving mayor societal challenges, its impact in generating research and innovation capacities to the rest of the stakeholders of the Spanish System of Science, Technology and Innovation and alignment with the Spanish Strategy of Science, Technology and Innovation.

DIRECCIÓN GENERAL de INVESTIGACIÓN CIENTÍFICA y TÉCNICA

8.6. Tabla de Presupuesto

Tabla de Presupuesto		Anualidades			
		2015	2016	2017	2018
COSTES DE PERSONAL	NUEVA CONTRATACIÓN				
	COMPLEMENTO SALARIAL				
COSTES DE EJECUCIÓN	OTROS COSTES				
COSTES INDIRECTOS	COSTES INDIRECTOS				

8.6.1. Resumen del Presupuesto

	2015	2016	2017	2018
Costes Directos (Costes de Personal + Costes de Ejecucion)				
Costes Indirectos				
TOTAL
